

MALAYSIA MOTORCYCLE GRAND PRIX

30 October - 1 November 2020

The Sepang International Circuit is specifically built for speed and exciting racing, which makes the Shell Malaysia Motorcycle Grand Prix one of the most exciting MotoGP races on the calendar. With four slow corners following two long straights and ten medium to high-speed corners, the wide track is particularly favourable to overtaking manoeuvres and plenty of open throttle.

Add to this the exotic beauty of Malaysia, the friendliness of the people, and you have the ideal package for the motor sport enthusiast to the 2020 Shell Malaysia Motorcycle Grand Prix.

Getting to the Malaysian MotoGP (based on 2019 event)

The Sepang International Circuit is located 60km from the centre of Kuala Lumpur and 13km from Kuala Lumpur International Airport. Trying to get between the circuit and the city via taxi can take a long time and can be expensive. We recommend taking the KLIA transit train to the airport and the connecting shuttle bus which runs directly to the circuit. Estimated journey time is approximately 50 minutes each way.

Alternatively the RapidKL bus run a direct transfer from central locations to the Sepang Circuit. pick-up/drop-off locations are at KL Sentral & Suria KLCC. The first bus will depart at 8:00am and run every 30-45 minutes (last bus departs at 12:00pm). Returning buses depart from 4:00pm through to 7:00pm (8:30pm on Sunday) departing every 30-45 minutes. Daily charge is RM20 for a one way ticket or RM35 for a return ticket. Estimated journey time is approximately 1 hour 15 minutes each way
